

DEVANSH MAHESHWARI

Python Developer (Fresher)

Rajasthan, India | 8529710833 | devnyati2971@gmail.com

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

PROFILE SUMMARY

Entry-level Python developer skilled in Flask and MySQL, with practical exposure to structured data handling from a 4-month analyst role. Quick learner with a solid foundation in backend development, version control, and REST APIs, currently building projects to apply these skills to real-world problems. Seeking a junior developer or IT support role to grow as a software professional.

TECHNICAL SKILLS

- Languages: Python
- Frameworks: Flask
- Databases: MySQL
- Web Fundamentals: HTML, CSS, JavaScript (basic)
- APIs: REST APIs
- Tools: Git & GitHub, VS Code, Postman
- Systems: Basic Linux commands
- Other: Data Entry & Analysis

PROJECTS

Projects in progress — to be added soon. See [GitHub](#) and [Portfolio](#) for updates.

WORK EXPERIENCE

Research Analyst

Arcgate, Udaipur | 4 Months

- Performed data entry and maintained accuracy across large structured datasets.
- Analyzed food items to identify, classify, and report quality faults/defects, improving reporting consistency.
- Supported the team with structured data handling and reporting for analysis.
